Let's fly !

ULM flights with Thierry start again in Valmorel. Take-off from the top of the Altispace chairlift for flights of 15 or 30 minutes over the ski area, La Lauzière or even the Col de la Madeleine.

15min : 80€ - 30min : 140€

Contemplate the snow-covered mountains seen from the air with a **tandem paragliding flight**.

Fly with Franck Morard and experience a feeling of total freedom with only the sound of the wind breaking the silence.

Winter flights usually last 10 to 15 minutes and leave from the top of the Lanchettes chairlift.

Here we go parapente :

Ambassador for Valmorel Eliot Nochez

Triple French acrobatic flight champion and winner of the 2015 World Cup.

This crazy acrobat became our official ambassador in 2019. Sporty and quirky with his Savoyard accent, during ski shows and other major events, he makes Valmorel holidaymakers dream when he performs his tricks above the crowds.

Our acrobatic paragliding pro answers Advance's questions:

« Advance: Acrobatics, how come? »

Eliot: In order to progress, I dedicated the first four years to distance flying. But at 14, when I saw the first acrobatic videos by Antoine Montant and Raoul Rodriguez, I also wanted to learn the basics of paragliding. Once learned, I realised that it was freestyle that I liked the most. »

Boardercross & Snowpark

The pirate boardercross

Below the Biollène chairlift, 4 by 4, skiers race against each other: a blue piste with **whoops and raised bends.**

The Pierrafort boardercross

As its name suggests, it is situated under the Pierrafort gondola, and offers a averagely **difficult circuit linking raised bends and whoops** and giving all experienced skiers a lot of excitement.

The Gollet snowpark

The Gollet Snowpark, located in the area of Pierrafort, is the spot in Valmorel **for good to expert riders.** Its M, L and XL lines offer everyone the opportunity to express themselves and improve their tricks on various modules such as boxes, rails, kickers, a wall, a bonk ... The area is constantly animated and supervised by shapers who also provide the security.

The pirates snowpark

Perfect to make your mark on a **very easy and fun freestyle zone.**

Always in the Arenouillaz zone, parallel to the Beaudin piste, the young and not so young can try out freestyle in complete safety, with modules only 20 cm high.

Zones freeride

4 freeride zones are open in the Valmorel ski area: Le Gollet, Le Mottet, Le Riondet and La Procureuse. These zones are reserved **for very good skiers** wishing to enjoy thrills in vertiginous and ungroomed slopes.
