VALMOREL
Savoie • France

Edito

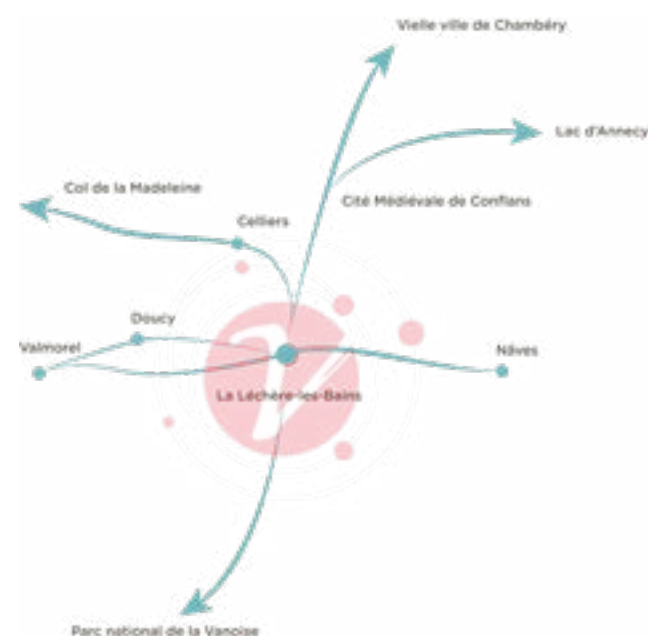

Valmorel and the Aigueblanche Valleys is located at the entrance to the Tarentaise, easily accessible from all over France, just 2 hours from Lyon and 1 hour from Chambéry. Valmorel is THE authentic Tarentaise ski resort by excellence: a managed architecture made of wood and slate, human-sized, ski-in/ski-out and a safe pedestrian street for the whole family!

Skiers will appreciate the orientation of the resort which allows good maintenance of the snow, pistes for all levels with freeride areas but also areas for beginners, so everyone can come in a group and still have fun whatever their level !

Ski touring and cross-country skiing are also part of the winter sports on offer thanks to the Nordic area of Nâves, backing onto the Beaufortain mountain range and the wild and natural La Lauzière mountain range, a true paradise for mountain lovers.

**Ski lifts open from
18th December 2021 to 18th April 2022.**

Valmorel Côté station

Nestled at the foot of the imposing Cheval Noir mountain, Valmorel, with its unique charm, blend of authenticity and modernity, captivates everyone.

The whole resort articulates around the **main pedestrian street** where pedestrians are king!

With **the Family Plus label**, the resort of Valmorel offers a multitude of products and services for families.

A medium altitude, ski in/ski out resort, skiers enjoy the 165km of pistes for all levels on the Grand Domaine from 1300m to 2550m altitude.

As well as skiing, there are many other activities in the resort to suit everyone.

Valmorel now works with a new "outdoor" brand! Indeed, **the Millet brand**, specialist in outdoor sports, is now the resort's partner.

DOUCY

Côté nature

Doucy is Valmorel's little sister set in a perfect dream setting. Sunny and on the edge of the forest, the small resort of Doucy is ideal for recharging your batteries with your family surrounded by unforgettable mountain landscapes.

Doucy is a haven of **peace and conviviality for families** with young children, far from the hustle and bustle of the larger resorts. The gentle slopes are perfect for learning to ski.

Partner resort of the GULLI TV channel, throughout the season a varied entertainment programme enchants both young and old alike.

La Léchère-les-Bains

Côté bien-être

La Léchère les Bains, located in the Aigueblanche valley at an altitude of 440m, vibrates from April to October in rhythm with the cures offered at the thermal centre for rheumatology and phlebology.

Nestled in a magnificent thermal park and bordered by the Isère river, the thermal centre, open all year round, also offers a beautiful **spa with thermal water** for a moment of cocooning and pure relaxation.

A free shuttle bus links La Léchère les Bains to Valmorel in winter and summer.

Nâves

Côté nordique

Perched at an altitude of 1316m, the village of Nâves, on the Tarentaise side of the Beaufortain mountain range, enjoys exceptional sunshine. It is the ideal setting for lovers of **wide-open spaces untouched** by any form of massive infrastructure.

Nâves is a magnificent cross-country ski area, with a total of **42km of pistes for both classic and skating**, still preserved and very appreciated by all cross-country skiers because there are pistes for all levels, some green and blue but also much more technical runs including the **highest piste in the Savoie at an altitude of 1984m.**

Sports enthusiasts will also appreciate the area for snowshoeing with 6 circuits over 27km of tracks, but also for ski touring since it is a completely untouched, natural and wild area where the mountains can be enjoyed to their full.

Celliers

Côté secret

Celliers is a traditional village in **the Lauzière mountain** range, in the valley next to that of Valmorel.

This mountainous setting will delight lovers of calm and unspoiled nature. The Lauzière mountain range is a part of the **Natura 2000** programme.

Lovers of wide-open spaces and serenity will love Celliers. With its snow-covered setting, it is the perfect holiday spot in the heart of an omnipresent and unspoiled nature. It is the meeting place **for lovers of ski touring and snow-shoeing**.

The village is connected to the Valmorel ski area by a **gondola** giving access to the 165km of Grand Domaine ski slopes for just one day or more.

03

Back

on the pistes

We have missed skiing so much!

Unmissable winter activity, in 2021-22 we hope to be back skiing !

New chairlift, beginners area, extension of the snow making network, express shopping zone ... Everything is ready to welcome skiers under the best conditions!

Special offers for young people!

It is well known that young people love everything freestyle. This is why Valmorel has adapted its offer and proposes a special «Snowpark» package.

Students also have their own package, as well as beginners or tribes of 3 people or more who benefit from a 10% discount on the Grand Domaine 6-day pass.

With its **fun zones** for all levels and all types of snow sports, Valmorel is particularly popular with young people:

- ✧ A pirate village for 2 to 10 year olds
- ✧ A snowpark S and XS and a M in the Biollène sector
- ✧ The pirate trail
- ✧ A boardercross S in the Biollène sector
- ✧ A boardercross S in the Doucy sector
- ✧ 4 freeride zones from red to black runs (Gollet, Mottet, Riondet, La Procureuse)

Video of the snowpark to watch [HERE](#).

The **new 6-seater detachable chairlift «Biollène»** has made its appearance on the domain, at the level of the «beginner-intermediate» sector of Arnouillaz, **lightening the landscape of 40 pylons** by removing a double lift and replacing a fixed chairlift. The future Biollène chairlift will be the largest lift in the ski resort and one of the main links in the area for both skiers and pedestrians.

This **investment of 7 million Euros** will allow the sector to be developed in a sustainable way, to improve the comfort of the clientele and to work positively on the energy balance of this new device.

✧ In terms of performance, the new lift will allow access to the summit in **4 minutes 40 seconds** instead of the previous 11 minutes and will be much more comfortable (child safety with an anti-submarining system and a positioning mat at the start).

✧ This chairlift will be one of the first lifts to be equipped with a **dry transformer**, which is more efficient than traditional oil bath transformers. The heat produced by the drives and the transformer will be partly used to heat the departure and arrival stations. In addition, the installation of this new device only involves **companies based in Savoie!**

Smartphone recharging

Taking pictures and videos of friends on the pistes uses up lots of battery!

No problem, Valmorel has everything planned with **charging stations directly on the ski area**.

Because you can't miss a photo at the top of the slopes and it's always better to have a charged phone to find yourself on the Grand Domaine!

Improved Beginners area

There are several beginners' areas in the ski area.

To better welcome new skiers, Valmorel is improving the Malatrai beginners' area by covering the Roches Blanches carpet.

This area allows you to enjoy a superb view of the surrounding peaks while being in a place suitable for beginners.

No-wait, no-touch customer journey

In Valmorel we make life easier for users and you get to the slopes more quickly.

- ✧ Receipt of ski passes by post if the order is made 1 week more before arrival
- ✧ On-line ski pass re-charging giving a direct access to the pistes.
- ✧ «Click & collect» at the reception of your accommodation, if they are a ski area partner.
- ✧ Self-service express ski pass zones in the hamlet of Crève-Cœur in Valmorel and also in Doucy. The opening hours of these outlets are extended compared to traditional checkouts.

Extension of the snow making network

Valmorel is linked to the charming little resort of Doucy. The ridge that joins Doucy to Valmorel was equipped with snow cannons this summer to ensure a return on skis whatever the time of year.

Guaranteeing Doucy skiers safety and pleasure.

Fun kids course

📅 Saturdays from 02/01 to 17/04/22
from 2pm to 5pm

📍 ESF

€ 235

☎ 04 79 09 81 86

The instructors accompany children from 4 years old on skis and snowboards every Saturday of the season once the Christmas holidays are over. These lessons allow the children to ski with their friends, to progress over the whole of the resort's ski area and in a good atmosphere.

The little extra : -10% on group lessons for children during school holidays (only between 2.15 p.m. and 5 p.m. during the Christmas holidays and from 11:15 a.m. to 1.15 p.m. during the February holidays).

It is never too late to start!

In February, the ESF Valmorel instructors offer an evening formula especially for beginners. Learning on the flood-lit carpet of the Piou-piou club in the heart of the resort.

For this activity there is no need for a ski lift pass.

Valmorel has a ski touring slope called «**Toboggan**» in the middle of the snowy fir trees with **535m of vertical drop** and a return on a groomed and secured slope. Lovers of untouched areas with a good level of skiing will prefer to venture onto **the Massif de la Lauzière or the Nâves slope**, which are particularly well suited to ski touring!

04

Not just

Skiing

Who says mountains, says sports activities. Each to his own and at his own pace, the mountain adapts to all !

Dog sledding, biathlon, zip line, fat bike, snow-shoe outings, tobogganing, airboard....
The list of non-ski activities is long!
Sensational, calmer, full of discovery, there is an activity for everyone.

Discover the mountains without skiing

The ski area can also be enjoyed on foot!

A **pedestrian-snow-shoe pass** is available for a full day, week or season and gives access to all the summits around Valmorel and Doucy.

Let yourself be taken up by the lifts to admire the view, take a photo at the top, enjoy a restaurant or go for a walk or snowshoe.

Outing ideas

I hike and enjoy the landscapes

The Valmorel ski lifts are open to everyone with a pedestrian pass.

Why deprive yourself of climbing at altitude and enjoying the snow-capped peaks? Footpaths are available for walking on the ski area and a map is sold at the tourist office allowing you to discover all the circuits.

Did you know ?

To fill up your day, enjoy a picnic at one of the many picnic areas on the ski area, such as the Pirate village, or take advantage of the **«Restaurant pack»** ski passe which include a pedestrian pass and a voucher for a mountain restaurant.

In Celliers, **the alpine goat farm of Nils and Léa's farm**, at the foot of the gondola, welcome skiers curious.

Outing ideas

Zipline **NEW**

Gentle zipline from the top of the Altispace chairlift to the Prariond piste.

Length: 1400m Vertical fall: 250m

Max. height: 140m

Speed: 100km / h

Flight time: 2min

Minimum weight: 30kg / minimum height: 1.20m

Price: 35€ per descent

The asset of this zip line is undoubtedly its breathtaking view between waterfalls, snow-capped peaks and the valley.

Did you know ?

The zipline, constructed in Autumn 2020, will be used for its first winter in December 2021 !

Photo points

The domain is equipped with photo points. You sit on the seat and then take the picture with your pass. This makes a nice souvenir of the days spent on the domain with the Mont Blanc or the Lauzière massif in the background. To trigger the camera, you have to pass your ski pass in front of the terminal installed on the left of the platform.

4 beeps will sound... It's time to smile!

The photo can be obtained by filling in a form on the site with your ski pass number: skipass.valmorel.com/les-points-photos

Did you know ?

These photo spots were installed after the Mottet chairlift was changed. The old seats have been sold and some recycled for these photo spots or on the «Belle Balade», which goes around the resort of Valmorel in summer.

The different photo spots are accessible by ski lift, on foot or on skis.

Ecology at the heart of the ski area

Ecology has always been at the heart of the development of the Valmorel resort.

The ski area goes even further, with the establishment of an **environmental observatory**, in partnership with EPODE – an environmental study office – in order to study and map the species present on its territory.

The implementation of this tool will make it possible to reference the flora, fauna and sensitive environments in the ski area, by carrying out inventories and diagnosis of species and environments.

From the end of the diagnosis (currently in progress), it will therefore be possible to fully integrate the Environmental Observatory into the various development and design processes of new development projects on the ski area, in **order to reconcile the activities of the territory with the protection the environment**.

In relation to sustainable development, the ski area is already equipped with dry toilets, no waste bins on the ski area to encourage rubbish sorting back in the resort, distribution of “tumégo” pocket ashtrays for smokers.

The various Valmorel hamlets are linked by the Telebourg or by shuttle buses running with AD Blue.

Vallée'bus shuttles

La Léchère les Bains and Valmorel are connected by shuttle buses, **from 18 December 2021 to 17 April 2022** with 3 to 4 return trips per day, so that you can leave your car at the bottom of the valley and enjoy a carefree day of skiing or a trip to the thermal spa without using your car.

The advantages: they are free and ecological thanks to AD Blue fuel!

Outing ideas

Descent towards the authentic village of Celliers

An unprecedented and extremely wild descent towards the little-known valley of Celliers located at the foot of the Lauzière mountain range. This is THE beautiful outing for amateurs! Mountain atmosphere guaranteed with a positive difference in altitude of only 100m and a negative of 750m!

This outing is organised by a mid mountain guide, Florent Espagnac.

Did you know ?

Celliers is a mountain village located on the road to the famous Col de la Madeleine. At the foot of the wild Lauzière mountain range, classified Natura 2000.

The village, like many in this valley, was built to avoid the avalanche corridors.

After the road linking Celliers to Doucy collapsed several years ago, Celliers was attached to the ski area with a gondola, allowing residents and holidaymakers to take advantage of the 165km of pistes in the Grand Domaine.

Après-ski

in the warm

The mountain is the essential ally of well-being thanks to its multiple possibilities.

Spas, well-being massages, thermal centre, post-Covid treatment ...

In Valmorel we take care of our guests so that they can make the most of the natural benefits of the mountains and combine a day's skiing with warm relaxation.

Thermal aquatic osteopathy

Juliette, osteopath, offers thermal aquatic osteopathy sessions **in the thermal spa «Ô des lauzes»** in Léchère les Bains.

The spa is privatised for the morning sessions. Juliette equips her client with floats and manipulates them in the water. The body is relaxed, and the silence and gentle sound of the water soothe physical and mental tensions. The benefits of osteopathy are multiplied by the benefits of thermal water, known for its anti-inflammatory properties.

Juliette works in her office in La Léchère les Bains but also in Valmorel in the health-well-being area L'Equilibre which she opened last winter. She treats not only adults but also children and babies.

08

Festivity in the mountains

In compliance with health recommendations, the destination is active in organising events where conviviality, relaxation but also dynamism will be present.

What would a ski holiday be without the must-see events in the resorts? Whether it the ski shows, après-ski evenings, concerts or major events such as La Grande Odyssée Savoie Mont Blanc, all these long-awaited events will take place in accordance with the measures in force and for the happiness of everyone!

The Great Odyssey

La Grande Odyssée is a long-distance dog sled race, organised over several stages and across the Alps. Since 2005 it has been the annual dog sled event in Europe and this year will be in Valmorel for the 3rd time! The course will take place between Valmorel and Doucy in sumptuous and rhythmic landscapes for the mushers and their cohorts !

Challenge national ski et parapente

This is the winter challenge for paragliding firemen ! Participants get together in Valmorel over 3 days to compete in various events, giant slalom, touch & go, gates etc.... The atmosphere is excellent and friendly and it's all in aid of a good cause!

Did you know ?

This challenges aim is to allow the association of orphaned firemen's children to discover and share unique moments in tandem paragliding flights. Each year, children from all over France are welcomed. Each year this challenge raises funds for their association.

The Winter Spartan Race

In 2016 the Spartan Race came to Valmorel for its "winter" version. After the total success of the first editions, the Winter Spartan Race returns to Valmorel for an even crazier obstacle course and always in a snowy setting! 2 courses for the Spartans, the sprint with its 5km and 20 obstacles and the Super with its 10km and 25 obstacles.

Ewax festival

The EWAX is **the winter electro rendezvous** in the mountains.

Stages are set up in the resort, on the ski area and more intimate ones in the evening, a great way to enjoy the mountains in a different and more festive way!

Valmo'belle

La Valmo'Belle is a ski touring climb, at the end of the day once the pistes are empty of skiers, on a marked itinerary on the ski area that takes place over 2 runs with positive climbs of 490m and 560m. This is the friendly and sporting event of the season where participants enjoy a good meal at a mountain restaurant before going down and enjoying the last descent of the day, after all the effort.

Valdingue

La Valdingue perfectly illustrates the atmosphere that reigns in the Nordic resort of Nâves: friendly and offbeat! A day about Nordic skiing, but not only! Olympic team events with human curling, paret racing but also an evening concert , meal ... it's a fun day that won't be forgotten!

The Ski shows

The traditional ski shows will take place every Tuesday evening in Valmorel during the French school, with a demonstration of old and current skiing, fireworks and mulled wine! And all this in a sound and light atmosphere at the foot of the Altispace chairlift on the snow front!

Tuesdays school holidays

Légo Town

A **collaborative project** in which many of the resort's stakeholders got involved during the off-season. The Lego town of Valmorel represents «Grey Rock Valley», with several districts with different themes, two train stations, an airport, as well as four train circuits running independently. This winter, holidaymakers will have the chance to take a look at this village, which represents **300 hours of assembly with 130,000 Lego pieces.** The city includes more than 20 collectibles! We have already seen the eyes shine this summer and it should be the same this winter.

24 & 31 december 2021

Christmas and New Year Festivities

In Valmorel, we celebrate Christmas and the New Year as one should! Concerts, fireworks, traditional mulled wine ... and all this on the snow front at the bottom of the Altispace chairlift for 2 memorable evenings.

Partenariat Gulli

Doucy is the **Gulli partner resort!**
The children's TV channel!

On this occasion Doucy receives many gifts and Gulli themed events to the delight of all the children! **Joan**, Gulli's host, comes to visit holidaymakers on the snow-capped Doucy peaks in February with «live» entertainment.

Jurassik Valmorel

59 pieces of dinosaurs, unicorns and decorative elements were installed in the Valmorel animation room. The video and sound equipment has also been enhanced to perfect the immersive experience. Recurring activities will be proposed around this theme with the main theme being «**the adventures of Professor Morelus in the heart of Jurassic**». Professor Morelus is the main character of Valmorel's activities. (Quizzes, children's ball, shows, new technologies...). He travels with his time machine and discovers that many mythical creatures and characters also lived at the time of the dinosaurs.

09

Between

wood & slate

When we think of a night in the mountains, we imagine a typical Savoyard wooden family chalet, with lovely decoration and breathtaking views of the mountains!

Individual chalets in Valmorel are rare and can be found more in the villages below the resort.

Savoyard charm is well represented in Valmorel and will appeal to all types of visitors.

The Valmo'Bourricot farm, better known for its walks with donkeys, embarked on the construction of a **tree house** this summer.

The unusual Valmo's Cab'âne, with it's wonderful name, will be accessible this winter for the less cold months, in addition to those in summer, from February to October. Starting this autumn, it will be equipped with a stove to receive guests in the best conditions in the heart of the forest, not far from Valmorel and its pistes.

The Cab'âne is **fully autonomous** as it is equipped with solar panels, a dry toilet and a water tank which should be used sparingly!

An original night providing a « back to nature » stay in harmony with the mountains.

5* Luxury

- Anitéa
- € From 1500
- 04 79 04 05 20

An exceptional stay in a 5 * hotel in the heart of the resort, this is what the MGM Anitéa residence allows. The latest addition to Valmorel offers a superb view over the valley with its swimming pool which also overlooks the toboggan run so guests can keep an eye on their children while they enjoy a hot tub.

The Anitéa residence has **40 apartments** from 2 to 5 rooms as well as duplexes, sleeping between 4 and 10 people.

GSI facilitates their holidaymakers' arrival with the creation **an application**. It is reserved for GSI clients and allows information to be sent before their arrival in the resort. Thanks to this application, **arrival at the agency is made easier**.

Information related to the resorts entertainment programme is also updated on the application.

Lumi résidence

NEW

- All year round
- GSI Valmorel
- 04 79 22 86 86

The Lumi residence, which **means snow in Finnish**, was built by Priams with Loïc Devineau of Studio Arch as architect. This residence, with its pure lines, has 52 flats from 2 to 4 rooms ranging from 35 to 96m².

9 chalets will complete the offer, 4 of which have already been completed.

The residence is located in La Charmette, a village below Valmorel, which is linked by the Valmobus shuttles and also by ski with a piste start nearby.

Luxury chalet in the heart of the resort

- All year round
- Chalet du Pont de bois au Hameau des Teppes
- 06 08 76 46 61

This is one of the only individual chalets in the heart of Valmorel: The chalet « Le pont de bois »

Sleeping 16, with 6 bedrooms, new, luxurious with sauna, jacuzzi and fitness room.

And all this just a stone's throw from the Valmorel's pedestrian shopping street and ski in/ski out with it's proximity to the Altispace chairlift.

Portraits of enthusiasts

Who says mountains, says characters full of character!

Whether they are «local» or imported from other regions, the inhabitants of Valmorel are true forces of nature, where passion and determination are the keywords in their lives! ESF director, mountain guide, ski touring champion, carpenter ... all these men and women make this area what it is .

Florian Sautel

The local champion and enthusiast

Florian was born here and is a champion in all disciplines!

Passionate about nature and a real hyperactive, he wanted to make his passion his job by passing not only the ski instructor diplomas but also those in canyoning and by making Valmorel his playground. He is today the trail ambassador of the resort.

A true competitor, Florian has finished twice in the top 30 in the ski mountaineering world Cup, **won the 2019 French Cup, won the Villarinch 2021** and the FFCA National Championship, came 5th in the 2021 French sprint Championships, 2nd in the TansVanoise, got a **top 15 at the Pierra Menta** and came 9th at the Trofeo Mezzallama.

He enjoys doing what he loves and sharing his passion and his environment with his clients.

His motto: «*Enjoy life, take what it offers us and do what we love*»

Edgar Cognaud

The young champion

Edgar is **16 years old** and comes from the Vendée. He has lived in Valmorel since 2007 and has been skiing since he was 5 years old.

In 2014, he discovered the world of ski mountaineering competition by attending the mythical «Pierra Menta» during his first ski touring outings at the age of 9.

As far as his education is concerned, he joined the professional mountain high school in Saint-Michel de Maurienne in the MELEC professional bac. He likes to pass on his knowledge and share his experience and would like **to become a high mountain guide or join the PGHM**.

2021 was his year with **2 titles of French champion**:

✧ **In Vertical Race** (a particular ski-mountaineering event consisting of climbing as quickly as possible a climb of about 500 metres of positive difference in altitude)

✧ **In the Individual Race** (the aim being to make 3 ascents and 3 descents for a total of 1200 metres of positive difference in altitude).

➤ He is also the overall winner of the French Ski Mountaineering Cup and the winner of the Pierra Menta Jeune in his U16 category.

The Savoie Committee selected him for the French Individual Championships, and he has just been accepted as a **hopeful athlete** and is in the process of taking the tests **to become a high level athlete**.

His objectives for the coming years:

✧ To win the French Championships again

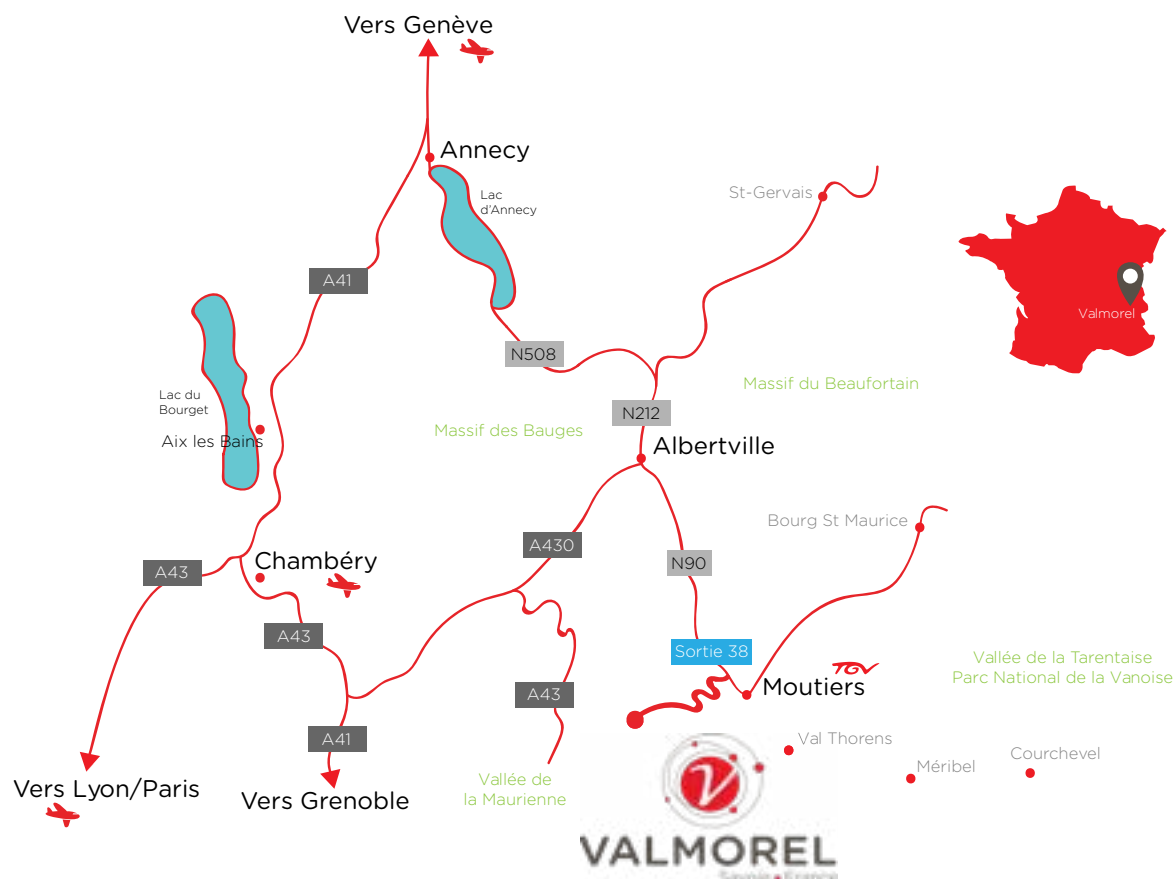

✧ To join the French youth ski mountaineering team (Under 18 category)

✧ Participate in the Winter Olympics in 2026

Many great projects for this talented and ambitious young man from the region!
