# Doucy

Valmorel • côté nature

## Doucy resort, nature at your fingertips

In the winter, in the heart of the Valmorel ski area, the small resort of Doucy is a heaven of peace and conviviality for families with young children, far from the hustle and bustle of the larger resorts.

The gentle slopes are perfect for learning to ski.

As a Gulli TV channel resort partner, every evening there is a varied entertainment programme which enchants both young and old people.
